also been regarded as something everyone should have the right to—once tacitly understood, but, land ownership being what it is, codified by the 2000 Countryside & Rights of Way act, which provides partial "Right to Roam" rights over about 8 percent of England. This grants people legal access to walk certain landscapes without fear of trespassing, and efforts are being made to **expand that right more widely.**

Burberry gear (we love the sound of them taking those thick coats out of the trunk) and flying through the landscape, an interpretive body poem that connects

As in the one and gorgeo the sea bodies floating its last "Freed Burber says Ri celebra another endless
