

Make your
home more relaxing

Get started

IFTTT helps your apps and devices
work together in new ways

IFTTT is the free way to get all your apps and devices talking to each other.
Not everything on the internet plays nice, so we're on a mission to build a

more connected world.

We'll show you some of our favorite pairings. Just turn on what you like
and we'll make it happen for you.

Automatically light the way for the pizza delivery guy

Build a smart home that responds to every cue—from locking your front door to welcoming the delivery guy.

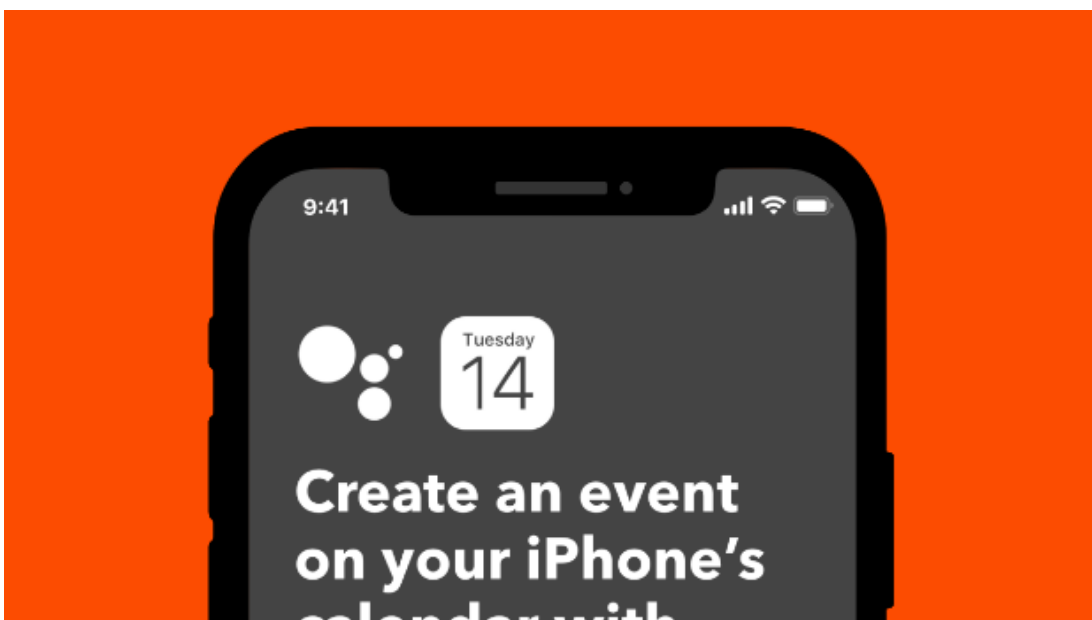

[Get started](#)

Post your photo anywhere and see it everywhere

We help social media play nice together. Never tweet a link instead of a picture again!
